## Angaston Kindergarten

### Healthy Food Supply and Nutrition Policy

#### **Rationale**

This preschool promotes safe, healthy eating habits in line with the **Right Bite** Healthy Food and Drink Supply Strategy for South Australian Schools and Preschools and relates to the DECD wellbeing strategy.

We believe that early childhood is an important time for establishing lifelong, healthy eating habits and can benefit the children in three ways:

- Good nutrition contributes to good health and wellbeing and this is vital for positive engagement in learning experiences
- Short term - maximises growth, development, activity levels and good health
- Long term - minimises the risk of diet related diseases later in life.

Therefore at Angaston Kindergarten:

- staff will model and encourage healthy eating behaviours
- food and drinks are consumed in a safe, supportive environment for all children
- parents and caregivers are encouraged to supply healthy foods that fit within the **Right Bite** strategy for their children at preschool.

#### **Curriculum**

Our preschool's food and nutrition curriculum:

- is consistent with the *Dietary Guidelines for Children and Adolescents in Australia*, and the *Australian Guide to Healthy Eating*
- includes activities that provide children with knowledge, attitudes and skills to make positive healthy food choices and learn about the variety of foods available for good health
- includes opportunities for children to develop practical food skills like preparing and cooking healthy food
- where possible integrates nutrition across the implementation of The Early Years Learning Framework for Australia.

#### **The Learning environment**

Children at our Angaston Kindergarten:

- have fresh, clean tap water available at all times and are encouraged to drink water regularly through the day
- will be encouraged to monitor their own snack time and have access to a designated space to snack when they feel hungry
- eat a scheduled lunch in a positive, social environment with staff who model healthy eating behaviours
- use the kindergarten garden to learn about and experience growing, harvesting and preparing nutritious foods

Our preschool:

- provides rewards/encouragements that are not related to food or drink
- understands and promotes the importance of breakfast and regular meals for children
- teaches the importance of healthy meals and snacks as part of the curriculum
- is a breastfeeding friendly site.

### Healthy Food Supply and Nutrition Policy

#### Food supply

Our Kindergarten:

- encourages healthy food and drink choices for children in line with the **Right Bite** strategy
- encourages food choices which are representative of the foods of the preschool community
- ensures healthy food choices are promoted and are culturally sensitive and inclusive
- ensures a healthy food supply for preschool activities and events in line with the **Right Bite** strategy
- displays nutrition information and promotional materials about healthy eating
- has the following guidelines for families for food brought from home or provided by staff within preschool time:

#### Fruit / Snack Time

Parents and carers are encouraged to supply fruit and vegetables for snack time to:

- provide children with important minerals and vitamins
- encourage a taste for healthy foods.

Parents are informed that Angaston Kindergarten is a **NUT AWARE** site and are requested not to provide nuts or foods that contain nut products. Severe anaphylactic reaction to nuts is potentially life threatening to children in our care.

#### Food and drinks provided to children

- parents and carers are encouraged to provide healthy food and drink choices i.e. water in line with the **Right Bite** strategy
- staff will ensure that food provided to children by the preschool is in line with the **Right Bite** strategy.

#### Food safety

Our preschool:

- ***Is a NUT AWARE site - Families are requested not to provide nuts or foods that contain nut products. Severe anaphylactic reaction to nuts is potentially life threatening to children in our care.***
- promotes and teaches food safety to children as part of the curriculum
- encourages staff to access training as appropriate to the **Right Bite** Strategy
- provides adequate hand washing facilities for everyone
- promotes and encourages correct hand washing procedures with children and staff.

#### Food-related health support planning

Our preschool:

- liaises with families to ensure a suitable food supply for children with health support plans that are related to food issues.

### Healthy Food Supply and Nutrition Policy

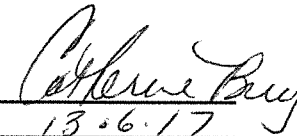

#### Working with families, health services & industry

Our preschool:

- invites parents and caregivers to be involved in the review of our whole of site food and nutrition policy
- provides information to families and caregivers about the **Right Bite** Strategy through a variety of ways including; newsletters, policy development/review, information on enrolment, pamphlet/poster displays
- promotes the alignment of fundraising with the **Right Bite** strategy.
